

ADHD support programme

Fast, specialist assessment, diagnosis, treatment and ongoing management, delivered digitally. Available now for adults aged 18 and over.

562,000+

people in England are waiting for an ADHD assessment on the NHS.

(NHS England, 2026)

More than 6 in 10

adults have already been waiting for over a year.

(NHS England, 2026)

Up to 80%

of adults with ADHD have at least one other psychiatric condition.

(The ADHD Centre)

WHAT YOU GET WITH HEALTHHERO

- ✓ **Fast appointment & diagnosis:** First appointment within 2 weeks (private pathway)
- ✓ **No GP referral needed:** Not required for private treatment, unlike NHS Right to Choose pathways
- ✓ **The right clinicians:** Assessment, diagnosis and treatment from specialists in adult ADHD
- ✓ **Shared care:** With their NHS GP, where the GP agrees
- ✓ **Treatment that fits:** Medication based or not, with ongoing management options
- ✓ **Flexible payment:** A 3-step payment structure for the assessment, with flexible options
